# 518 POOL-FUN

Be a kid all over again and spend the whole day outside by your above ground pool.

The **V6 Steel series** gives you affordable summer fun in a superior steel frame with designs that blend quality, endurance and reliability. The entire steel structure is coated with a combination of protective finishes, ensuring maximum resistance to corrosion and providing optimum durability.

*Your above ground pool is designed to provide years of pleasure and safe family fun, so water safety practices should be strictly followed and enforced. Your pool contains shallow water, which makes diving or jumping unsafe. Diving or jumping into shallow water can lead to severe injury or death. Please observe the safety precautions that were provided to you when you purchased your above ground pool and conform to all local regulations.*
